We neither lost a race nor had a horse injured through any fault of their shoeing, not even a plate was sprung, something remarkable in a race meeting of five days, half mile track, and short courses.

#### CLEARINGS.

Boston, 18.—The following table compiled from special dispatches to the Post gives the total clearings at 25 cities for the week ending June 16th: total, \$963,148,477. The exhibit this week is again favorable. At New York there has been a heavy falling off as compared with last year, but nearly every other important city show a gain and some of them a very handsome gain. At Boston in particular the change from last week is very marked. A gain of 25 per cent. at Chicago is due to the break in provisions and the partial decline of grain which have necessitated great shifting of loans.

#### Bullion.

New York, 18.—Bar silver, 10%.

#### Railroads.

New York, 18.—Governments, active and higher than at close on Saturday, and for a quarter of an hour were firm, but fears of a further failure in connection with provisions and grain caused a feeling of uncertainty, after the first quarter of an hour there was a sharp break in the whole list of stocks of 1/4 to 1 1/2 per cent. on the active list, by 12:30 there was 1/4 to 1/2, and the market steadier. Of all the forenoon's fluctuations the Northern Pacific and Western Union were the steadiest.

#### Guilty of Libel.

New York, 18.—In the libel suit of August Belmont against John Devoy, editor of the Irish Nation, who charged Belmont with misappropriating funds of the Irish society, a verdict of guilty was returned by the jury with a recommendation to mercy.

#### Criminal Calendar.

Boston, 17.—Barnard J. Mahan, 43 years old, was fatally stabbed in the neck on Saturday night, with a shawl pin in the hands of a dissolute woman named Liz. Fringean. Mahan refused to drink.

Chicago, 17.—On North avenue, to-night, Thomas McGuire, a dock laborer, met Mrs. Mary Little, proprietor of the foundry, and cut her throat with a razor which he then used upon himself. The woman died in three minutes, but the man will probably recover. Jealousy was the cause.

Innsbruck, 18.—Sabinda, who drove overland, the bomb manufacturer, across the border, and was placed on trial last Saturday on the charge of high treason, was found guilty and sentenced to death.

New York, 17.—Miss Helena Leonard shot Mrs. Clarence Smith, of Fifth avenue, the wife of a liquor merchant, at the residence of Dr. Bland to-night. At an interview brought about by the former, she charges the latter with supplanting her in the affections of one Calthanat, a Wall street lawyer. The wound is not dangerous, Miss Leonard alias Harrington, was held for trial to-day. The parties move in good circles.

#### The Grease Rub.

Chicago, 18.—Casting up the accounts, among the smaller firms that were forced to the wall by the break in hard on Saturday, as far as has progressed, gives no occasion to change the estimated losses already sent in these dispatches. Nothing definite is obtainable as yet from McGeech, Everingham & Co. One of the results of the break and excitement caused by it all over the country was, that the Western Union Telegraph Company sent and received the largest number of dispatches ever handled in their Chicago office in one day. The committee of the Board of Trade investigating McGeech's charges of adulteration in the lard of Fowler Brothers, continues this afternoon, and the case for the prosecution is concluded. Nothing new was developed. The defense begins to-morrow.

#### The High License Bill.

Chicago, 18.—At a meeting of the city council to night, the ordinance changing the date at which the saloon licenses fall due, from July 1st to June 1st, in order to avoid it one year later than the state high license law which goes into effect July 1st. Mayor Harrison at once, as chairman of the council, read a veto message and suggested the date be changed to April 1st to correspond with the municipal year and with the time for all other city licenses. An attempt to pass the ordinance over the veto failed, and an amendment fixing the date April 1st passed with a vote of two-thirds; all the aldermen voted. It is claimed by its opponents that this ordinance is illegal, not being passed in regular order under the rules.

#### Levee Overflowed.

St. Louis, 18.—The river gauge to-night marked thirty-one feet eleven inches, which is twenty-two inches above the danger line. Nearly the entire surface of the levee along the river front is submerged, and the steamers find it difficult to load or discharge cargoes; all the cellars of the houses along the wharf are filled with water; but so far no property has been seriously harmed. It is reported the rise will reach thirty-five feet at this point, which will be higher than for several years.

#### Another Cyclone.

Wheeling, W. Va., 18.—This evening, about 6 o'clock, a cyclone struck Steubenville, Ohio, doing damage to property in the northern part of the city to the amount of \$150,000. Trees in the path of the cyclone as it passed through the city were uprooted and the scene presented this evening is one of great destruction. An eye witness states that when the cyclone reached the bank of the river it plunged into the water, lifting it up 100 feet.

#### Labor Meeting.

New York, 18.—At a meeting for a short hour, of the league this evening, representatives of the principal trades adopted resolutions in favor of the Saturday half holiday movement.

WHY WILL YOU cough when Shiloh's Cure will give immediate relief. Price 10c, 50c, and \$1. Sold by Z. C. M. I. Drug Store. (11)

### Western Union in Court—Woodhull Sisters.

New York, 18.—A motion was made before Judge Freedman, to-day, in the special term of the supreme court, to vacate the injunction obtained by Rufus Hatch and Wm. S. Williams, last December, against the Western Union Telegraph Company, restraining the latter from paying dividends upon \$15,529,000 of the stock alleged to be illegal. Swayne, in behalf of the company, said the appeal had been taken from the injunction order, and that the injunction should be vacated upon the company's giving sufficient bonds to cover any losses that might arise from the payment of dividends, on the other hand it was claimed that the superior court could not interfere. A motion of this kind ought, more probably, to come before the court of appeals, before which the proceeding of the case are now pending. The jury declare John Gill unfit to take care of himself or the property of the Woodhull sisters, who, it is said obtained from him a quantity of government bonds and a deed of a \$10,000 house and are said to have escaped to Europe.

#### Heavy Storms.

Pittsburg, 18.—Shortly after 7 o'clock this evening, this section was visited by one of the heaviest rain and hail storms ever known in this city; hail came down as large as eggs and rain fell in torrents. No damage more severe than the breaking of skylights. It is reported, however, outside the city that the storm took the nature of a cyclone. Specials to the Dispatch and Commercial Gazette, state that through Washington and other southwestern counties, houses and barns were unroofed, trees uprooted and cattle killed. Damage to railroads from washouts and land-slides, and to telegraph wires, is great but so far no lives are reported lost. The storm did not last an hour and it came from the southwest. Specials say the track of the cyclone was from 100 to 400 feet wide, and in many places everything is swept as if by a broom.

Cleveland, 18.—A severe storm visited Millersburg this afternoon, and tore out a corner of the court house, leaving the edifice unsafe; it also tore up numerous trees, unroofed several houses, and accompanying hail did great damage to crops in that region.

#### Great Damage by Floods.

Seneca, Kansas, 18.—News regarding the storm of Saturday night came in to-day. All the big streams in the county are overflowed and there is scarcely a bridge but what is damaged or carried away. At Backersford, Thomas Atkins and family attempted to leave their homes which was threatened with destruction by water, and to take Mr. Bavaria and wife and children. There were eight in the wagon which was caught in the current of Turkey Creek and upset. Seven of the party were drowned, Mrs. Bavaria alone escaping. She lodged in a tree but was rescued fourteen hours afterwards. Her baby was washed from her arms and drowned. Only one of the other bodies is yet found. At Cincinnati, twelve miles north, one farmer lost 100 hogs.

#### Struck by Lightning.

Times Princeton, Mo.—While a public sale was in progress, at the residence of R. S. Light near Ravensna, on Saturday, a heavy storm came up and about thirty men took refuge in the large barn; the building was struck by lightning and John Bowers, James Berry and G. Wyatt, respected citizens, were killed, and two or three others injured.

#### A Legal Decision.

Little Rock, Arkansas, 10.—United States Circuit Judge McCrary's opinion, in the case of Phil. Brook's heirs who claim the ownership of the ground upon which are nearly all the city buildings, was received to-day. He decides that whatever was the original merit, the claimants slept too long on their right and are now without remedy.

#### The Fast Time Table.

Omaha, 17.—The fast train time table on the Union Pacific railway goes into effect on July 1st. The Pacific express leaves Omaha at noon and arrives at Ogden at 6 o'clock on the second day, and the Atlantic express leaves Ogden at 6 o'clock in the morning and arrives at Omaha 7:45 on the morning of the second day. These trains connect with the Central Pacific, saving one day between Omaha and San Francisco. They also connect with Iowa.

#### Examination Commenced.

Collettsburg, Ky., 18.—The preliminary examination of Wm. Dierliely, charged with the murder of the Gibbons children, is in progress to-day. Testimony of a colored detective was heard. Case not concluded.

#### 197.

London, 18.—The number of deaths in the Sunderland calamity reached 197.
